

ADDENDUM #3

DATED FEBRUARY 05, 2018

GENERAL CONSTRUCTION (GC) PHASE- CONTRACT #18-10 RENOVATION OF BUILDING 250 WATER TREATMENT PLANT (WTP) CITY OF ABERDEEN, ABERDEEN PROVING GROUND, MARYLAND

The following changes are made to the GC Phase Bid documents as Addendum #3. All bidders are required to acknowledge receipt of this addendum in their bid form.

- Section 00410- Bid sheet has been modified to reflect changes proposed under Addendum #2. A revised Bid Form Section 00410 and related attachments are included with this addendum. This also include a Bid Bond (Section 00430). Bidders are required to complete these forms as the bid.
 - Bidders shall submit an original bid form (signed/sealed) with all required attachments and a bid bond, and two photo copies of entire submittal.
- Section 13120 – Precast Building Field assembled – Paragraph 2.02.A: Doors and Frames:
 - Change double door size to 6'-0" x 6'-8".
 - Add a second door (3'-0" x 6'-8") with panic hardware on the inside. This will be on the opposite corner of the building from the double doors. Exact location may be field adjusted by the Owner.
 - Provide an exterior reinforced concrete landing pad at all door openings. Pad shall be at least 4" wider than the opening and 4'-0" deep x 8" thick.
- Section 13120 – Precast Building Field assembled – Paragraph 2.03 –Finishes: Add the following:
 - C: The exterior finish shall match surrounding buildings in the area. Storage building near Building 250 will have an old brick finish while Well Monitoring Station building near well site #1 will have a stone finish.

Attachment to Addendum #3:

Revised Bid form (Section 00410) including all required attachments and Bid Bond (Section 00430).
