General Clarifications and Reminders

1. Contractor shall protect cover from nearby dust generating activities during paint application.
2. Please note that the Army is funding this project and has safety jurisdiction on the site. Contractor is required to comply with all APG safety requirements, including completion of the Hot Work Permit Application and the Activity Hazardous Analysis (AHA) attached to the Supplementary Conditions. The AHA may impact crane sizing requirements.
3. There is no access manway in the digester tank concrete wall.
4. Harford County Certification for the project amount can be used in lieu of the Bidders Qualification form. Please provide a copy of the certification letter and note it is submitted in lieu of 00410A with the bid.
