restrictions from the State of Maryland in response to COVID. Bidder must make all efforts to meet the Bid Submission date and time of 1:00 pm, December 18, 2020.

**SECTION 3:** This addendum provides a significant change to Bulk Waste, Education, Adverse Weather, Pricing, Yard Waste, Trash Cans/Toters. Addition/Changes in the bid document are identified in CAPS and deletions with ~~strike-through~~. The documents can be viewed in updated General Provisions (Revision 1), Special Provisions (Revision 1), Bid Form (Revision 1), Exhibit C (Revision 1) documents. All documents were updated based on the previous pre-bid meeting on 11/24/2020 plus incorporation of Addendum 1 in these attached documents.

#### **SECTION 3: Questions from Bidders**

- We would like to submit a bid where disposal costs are included in the monthly unit rate per household. We would be responsible for disposal costs.
  - The City has incorporated all disposal costs to include tipping fees into the monthly unit rate schedule.
- If disposal costs are to be kept separate, would the City entertain paying MES directly (so we are not the middleman on invoicing disposal).
  - The revisions removed a separate reimbursement structure for tipping fees. This cost is now part of the inclusive cost that the Contractor must provide per residential unit.
- We would like to have the ability to pick up smaller bulk items with regular household trash to be billed separately directly to residents.
  - Please see updated General and Special Provisions.
