Introduction

A municipal budget is far more than a financial document; it reflects the priorities and key objectives set by the municipality for the next twelve to eighteen months. So, when examining the budget, one must not simply look at the column of numbers on a page but also try to see what the municipality wishes to accomplish over the next year. This budget was also developed amid the Covid-19 pandemic and reflects our best understanding and estimates of the economic influences it may have during the upcoming Fiscal Year. The budget provides some explanations, by department/function, of what the City of Aberdeen wishes to concentrate on in Fiscal Year 2021.

There are two categories of funds.

1. Governmental Funds, consisting of the General Fund, and Capital Projects Fund.

The General Fund is used to account for all government functions not required to be separately accounted for. The Capital Projects Fund accounts for costs of construction and other capital purchases.

2. Enterprise Funds, consisting of the Water Fund, Sewer Fund, and Stadium Fund.

The enterprise funds are used to account for operations that are operated in a manner similar to private businesses, where the intent of the governing body is that the costs, including depreciation, of providing services to the general public on a continuing basis be recovered, primarily, through user charges.

The Budget is actually four separate budgets; the General Fund (Operating and Capital) supported by tax revenue and fees, the Water Fund supported by water charges, the Sewer Fund supported by sewer charges, and the Stadium Fund for Aberdeen's municipally owned Ripken Stadium, partially supported by transfers from the General Fund.

It should be mentioned that the City provides most of the key municipal services with the key objective to provide them well. The proposed budgets will maintain the quality of services expected by the community.

Budget Summary by Fund

Fund	FY 2020 Working Appropriation	FY 2021 Request	Change Incr (Decr)	% Change
General Fund	19,318,503	17,042,451	(2,276,051)	-11.8%
Capital Projects Fund	3,088,078	830,000	(2,258,078)	-73.1%
Water Fund	4,012,181	3,752,642	(259,539)	-6.5%
Sewer Fund	4,593,325	4,652,521	59,196	1.3%
Stadium Fund	1,065,773	2,729,304	1,663,531	156.1%
Grand Total	32,077,859	29,006,918	(3,070,941)	-9.6%

Budget Discussion

General Fund Operating

Revenues

Property Taxes. The assessable bases for Real and Personal Property Taxes are provided by the State, which the City uses to generate the tax bills. The Real Property Tax rate for the FY 2021 budget is \$0.64 per \$100 of assessable base. The Personal Property Tax rate is \$1.70 per \$100 assessable base. Property taxes are projected to be \$10,888,164.

Other Taxes. This category consists of Franchise tax on cable companies, Mobile Home tax on mobile home parks, and Utility tax on utility poles and conduit lines placed within the City by electric and telephone companies. Revenues from other taxes are projected to be \$263,296.

State Shared Revenue. In this category are Income Tax, and Highway User Revenues (HUR). The City is projected to see a reduction in HUR funds from the State due to the COVID-19 Pandemic. State Shared Revenues are projected to be \$1,790,000.

Licenses and Permits. This category includes, but is not limited to, Traders Licenses, Grading and Building Permits. Revenues from this category are projected to be \$109,250.

Police Grants. State Aid for Police Protection and Special Patrols are included in this category. The State allocates funds to the County based on population density, net taxable income, assessable base, and per capita police expenditures. The funds are divided between the County and municipalities on the basis of relative police expenditures for the immediate preceding fiscal year. The Aberdeen Police Department performs special patrols where it occasionally participates in joint operations with the State and Federal governments, and also patrols certain County and business premises. The costs of these patrols are reimbursed. Police Grants are projected to be \$366,149.

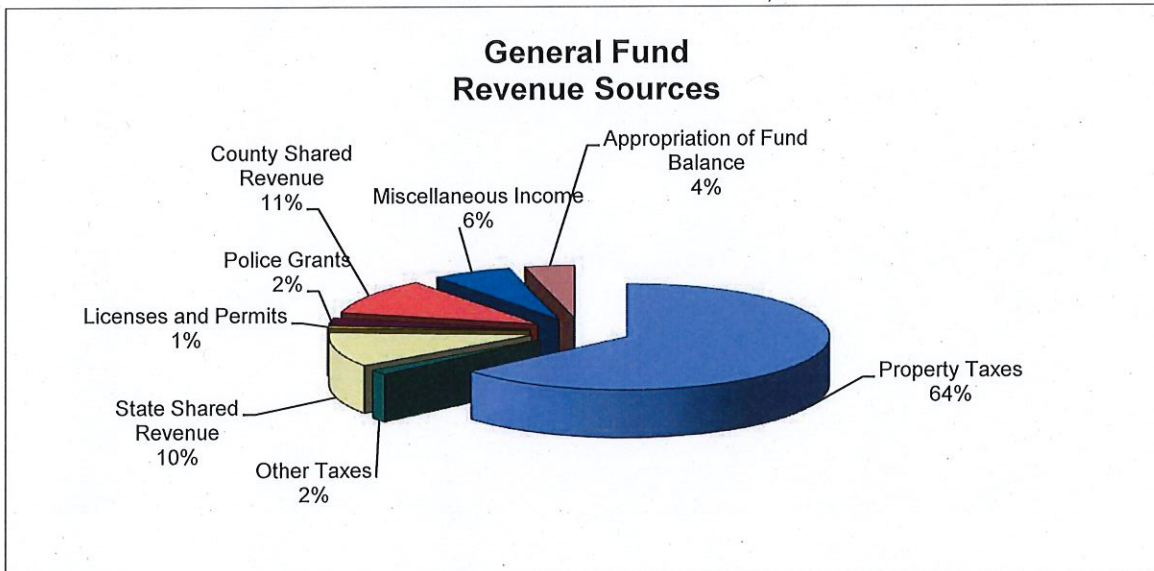

County Shared Revenue. The two major items in this category are Police Tax Differential and Hotel Tax. Aberdeen's share of the Hotel Tax is projected to be \$500,000, which is less than the amounts of the last two years, because of the effect of the COVID-19 Pandemic. The Police Tax Differential is revenue returned to the City by the County to compensate for police services it provides in lieu of services that would otherwise be provided by the County. County Shared Revenues are projected to be \$1,870,284.

Miscellaneous Income. This category includes all other revenue sources that could not fit into any of the preceding categories. Miscellaneous Revenues are projected to be \$1,086,000.

Appropriation of Fund Balance. The City will be appropriating \$669,308 from Unassigned Fund Balance to fund capital projects and Stadium Fund expenses.

General Fund Revenue Sources

Description	Amount	% of Budget
Property Taxes	10,888,164	64%
Other Taxes	263,296	2%
State Shared Revenue	1,790,000	10%
Licenses and Permits	109,250	1%
Police Grants	366,149	2%
County Shared Revenue	1,870,284	11%
Miscellaneous Income	1,086,000	6%
Appropriation of Fund Balance	669,308	4%
Total Revenues	17,042,451	100%

Expenditures

Legislative. The legislative portion of the budget pertains to the activities of the Mayor and City Council. Included in this area are their salaries, training and travel expenses and memberships in State and national municipal organizations. FY 21 request: \$103,716.

Executive. The executive portion of the budget supports the activities of the City Manager, City Clerk, Human Resources Director, IT Coordinator, Safety Director and Administrative Assistant. FY 21 request: \$603,347.

Elections. No election is scheduled for next year. FY 21 request: \$0.

Finance. The Finance Department oversees all the financial matters of the City, including water and sewer billings, accounts payable, tax collection, the budget, and procurement. In addition, the department also oversees the receptionist desk. There are nine employees in the department who tend to these functions. FY 21 request: \$580,481.

Legal. This function is filled by the City Attorney and any specialized counsel that the City needs. The maintenance of the City Code by a codification company is also in this category. FY 21 request: \$85,000.

Planning and Community Development. The City of Aberdeen maintains full planning and zoning authority within its Planning and Community Development Department. Planning functions are carried out by a volunteer planning commission and a City staff of three. In addition, this department oversees grants administration and economic development. The department also has a contracting position to continue its Main Street Alliance initiative started in FY 19. FY 21 request: \$329,073.

Government Building. The City owns and maintains several buildings. The Government Buildings portion of the budget includes the costs to operate and maintain these buildings as well as IT needs and costs. The major priority in this area is to upgrade and maintain the City's IT software and hardware. FY 21 request: \$871,600.

General Government. The General Government area of the budget includes City contributions to our boards and commissions as well as several allied agencies that provide valuable public and quasi-public services to the residents of Aberdeen. Those recipients include the Boys and Girls Club, the Appearance and Preservation Committee, the Economic Development Commission, the Heritage Committee and the Army Alliance. Costs for community promotions are also included in this category. FY 21 request: \$83,500.

Health and Safety. The general health and safety needs and requirements are budgeted in this category. FY 21 request: \$20,500.

Police. Aberdeen is fortunate to have a top-rated Police Department. In 2015 the Department became CALEA Certified becoming one of the few municipal departments earning this distinction. The department budgeted for forty-four sworn officers and twenty-three non-sworn personnel including dispatch, and code enforcement. FY 21 request: \$4,670,858.

Fire. Aberdeen is served by a volunteer Fire Department (AFD). The City supports this dedicated group of volunteers. FY 21 request: \$292,803.

Public Works Administration. Public Works provides many services which are paid both through the General Fund and the enterprise funds (water and sewer). Public Works Administration is that area of the budget that includes the personnel that serve all of these functions to include the Director of Public Works, Public Works Administrative Assistant, City Engineers, City Inspector and GIS Specialist. FY 21 request: \$533,149.

Public Works Streets. This department provides a multitude of public works services including street maintenance, parks maintenance, sidewalk maintenance, tree maintenance, snow plowing, and storm water system maintenance. FY 21 request: \$1,128,025.

Street Lighting. The City of Aberdeen lights its streets and public areas through a contract with BGE. The utility is responsible for all maintenance and replacement of the streetlights paid for by the City. The City has and expects to continue seeing cost savings in this area due to conversion to LEDs. FY 21 request: \$275,000.

Winter Operations. During snow and ice storms, the Aberdeen Department of Public Works is responsible to plow and treat all City owned streets. Over the past several years the City has invested in its winter operations by adding a new enclosed salt storage facility with over three times the storage capacity of the former storage facility. The City has also upgraded its truck fleet and inventory of salt spreaders over the past several fiscal years. The City places Winter Operations in its budget but does not try to precisely estimate the yearly costs; as such, costs are highly dependent on the frequency and intensity of winter storms. FY 21 request: \$40,000.

Solid Waste. Trash and recycling collection and disposal are in this portion of the budget. The City owns four trash trucks, a pickup truck with a lift gate, and a stake body truck to pick up trash, co-mingled recycling, bulk pick-ups, and yard waste. A fifth trash truck was acquired in FY 20. The City services approximately 4,538 residential units on a weekly basis. Collected materials are disposed of through Harford County for which the City pays a tipping fee. Aberdeen has seen extraordinary improvements in its solid waste management with the purchase of standardized collection containers (Toters) in FY18 and the abolition of the “pay as you throw” sticker system in FY19. FY 21 request: \$768,359.

Municipal Separate Storm Sewer Systems. A new federal regulation requires the implementation and maintenance of a storm water management system to protect surface and ground water by reducing the amount of sediments and pollution from municipal storm sewer systems. The implementation of this

mandate would require significant funds. The City has started the implementation of this mandate. FY 21 request: \$100,000.

Retirement. The City offers several different retirement opportunities for its employees. Most employees are covered under a defined contribution program through International City/County Management Association Retirement Corporation (ICMA-RC). Sworn police officers participate in a defined benefit program. Also, in this area are the City's costs for Other Post-Employment Benefits (OPEB). FY 21 request: \$1,402,008.

Payroll Related. There are payroll related costs associated with employing over 170 employees, including health insurance, Workman's Compensation Insurance, and FICA. The FY 21 request is \$2,256,737.

Miscellaneous. Costs that do not fit neatly into another department/function are deemed to be Miscellaneous. FY 21 request is \$231,173.

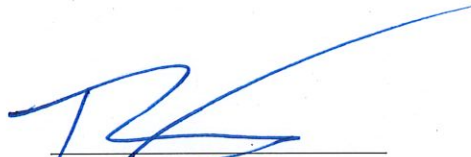

Parks and Recreation. This portion of the budget supports the efforts of the Aberdeen Parks and Recreation Committee, parks maintenance and the capital needs at the Aberdeen Swim Club. The Swim Club is operated, under agreement, by the Boys and Girls Club. FY 21 request is \$136,300.

Debt Service. The City has incurred debt for several capital projects including the City Hall and the Public Works facility. FY 21 request: \$621,690 for principal payments and \$102,313 for interest payments.

Transfers. The City transfers funds to the Capital Projects Fund for capital constructions and purchases. It also transfers funds to the Stadium Fund to support its operations, principally debt service. FY 21 request: \$690,000 to the Capital Projects Fund and \$1,116,820 to the Stadium Fund.

Enterprise Funds

Water Fund

The Water Fund is used to account for the daily operations of the water utilities. The operations distribute safe drinking water to over 5,000 customers through 82 water main miles with 4 water towers and 14 wells using 4 booster stations. The City purchases 400,000 gallons of water per day through an agreement with Harford County. The City has the ability to increase its purchases from the county up to 900,000 gallons per day, based on operational needs. Its main revenue sources are usage fees and capital connection fees. The capital connection fees are used to maintain existing infrastructure and future capacity. The water rates for FY 21 are: Minimum charge per 3,500 gallons or less of metered water is \$20.66; over 3,500 gallons is \$6.24 per 1,000 additional gallons. The capital connection fee is \$10,500 per equivalent dwelling unit.

Sewer Fund

The Sewer Fund is used to account for the daily operations of the wastewater treatment facility. The operations collect sewage from over 5,000 homes and businesses through 72 sanitary sewer miles using 11 sewer pumping stations. Its main revenue sources are usage fees and capital connection fees. The capital connection fees are used to maintain existing infrastructure and future capacity. The sewer rates for FY 21 are: Minimum charge per 3,500 gallons or less of metered water is \$24.83; over 3,500 gallons is \$7.08 per 1,000 additional gallons. The capital connection fee is \$5,400 per equivalent dwelling unit.

Stadium Fund

The Stadium Fund is used to account for the operation of the Ripken Stadium. Its main funding sources are the Admission and Amusement Tax, and Hotel Tax (transferred from the General Fund).

Enterprise Funds Summary

Descriptions of Proposed Capital Budget Items

General Fund

- Sidewalk Replacement: DPW will use \$100k in General Funds to repair and replace selected sections of curb & sidewalk using a selected contractor under the second year of the contract.
- Miscellaneous Equipment: DPW utilizes this item to purchase/replace hydraulic attachments to heavy equipment items and other small equipment items that are not accounted for in the operating budget.
- VEH-17-05 2009 Dodge Nitro (replacement): This is a replacement vehicle used in the DPW Engineering Dept and is shared by the City Engineer and Assistant Engineer in the performance of their assigned duties, to include job site inspections, meeting with staff and engineering companies for plan reviews, etc. The current vehicle's repairs continue to exceed its blue book value.
- Street Resurfacing: DPW will use the estimated \$600k of Maryland Highway User Revenue to repave city owned and/or maintained streets.

Water Fund

- Water Zone 3 Improvements (Design): The project finalizes the design for the Water Tower to support the west area of the City, beyond I-95, using an existing engineering firm already on contract.
- HdG-COA Water Supply Interconnect (Design): The project will design a water transmission line and pump station along the Route 40 corridor between Havre de Grace and City of Aberdeen, using an existing engineering firm that is already on contract.
- Altitude Valve – Northeast Tower (Construction): The project will engage a contractor to install a water vault and altitude valve at the Northeast Tower to improve the operating characteristics of this section of the water system. The altitude valve closes at a preset water level to prevent overflow of a ground storage tank and opens to refill when the water level in the tank lowers. This project is one of the critical projects that is required to be in place when a new water tower is constructed to support the west area of the City, beyond I-95.
- Water Tower Tank Management (Annual Contract): This project continues to engage a maintenance contractor to address preventative maintenance requirements on four elevated water towers and standpipes in the City's water system. This is year two of a seven-year contract.

- Production Well Maintenance (WTP 16-10): The City has 14 wells for the production of water. This project allows for an overhaul of three (3) of the highest producing wells. The overall includes pump maintenance and repairs, inspection/repairs of the casing and screens, and remediation of other issues discovered during the inspection phase.
- VEH-16-51 2009 Dodge Nitro (Replacement): This is a replacement vehicle to perform various inspections of water and wastewater plants/stations and for staff to navigate to all sites in the City. The current vehicle's repair costs continue to exceed its blue book value. This is a 50% cost share with Sewer Fund.
- UTL-16-03 Upgrade Market St. Water Main: This initiative is for the purchase of pipes, fittings, and crushed stone that will allow DPW's team to upgrade the existing water line without using an external contract.

Sewer Fund

- UTL-19-01 Swan Creek Force Main Replacement (Construction): The project will engage a contractor to provide a permanent fix to replace a section of the Swan Creek Force Sewer Main after failure of a section of the force main under Swan Creek last Fall. A temporary fix was installed this winter after the failure of the underground line.
- WWTP-16-31 Digester Sludge Heat Exchanger Replacement (Construction): The project will engage a contractor to install two replacement units for the original digester sludge heat exchangers (1980). The exchangers provide heat to the digestors to break organic solids, remove pathogens, and decompose them into stable substances for disposal to meet compliance regulation. The new units will include an upgrade from oil to natural gas.
- UTL-21-01 Route 40 Sewer Lining (Construction): The project will engage a contractor to install a sewer pipe lining to a section of existing sewer line along US 40, east of MD 22. The main is structurally failing and has inflow and infiltration in several of the open joints. This is a critical section of 18" sewer interceptor that is directly under the travel lanes of Route 40.
- WWTP-16-21 MPS Roof Replacement: This project will allow a contractor to replace the roof at the main pump station at the Wastewater Treatment Plant. The roof lining system has leaks and a section was addressed via temporary repairs in 2019 when a leak was discovered over 480V electrical panels. Roof is in poor condition.
- UTL-16-17 Replace Pinehurst Street Sewer Main: This initiative is for the purchase of pipes, fittings, and crushed stone that will allow Aberdeen's team to upgrade the existing sewer line.
- VEH-16-51 2009 Dodge Nitro (Replacement): This is a replacement vehicle to perform various inspections of water and wastewater plants/stations and for staff to navigate to all sites in the City. The current vehicle's repair costs continue to exceed its blue book value. This is a 50% cost share with Water Fund.

Stadium Fund

- Capex Funds: This funding is intended to provide for capital expenditures at the Ripken Stadium. This is a yearly contribution, due October 1 of each year.
- Facility Assessment: This funding is intended to cover the facility assessment of the Ripken Stadium.
- Construction & Maintenance: This funding is intended to be a contingency item to be used to cover normal maintenance items that arise at the stadium over the course of the year. This includes plumbing, electrical, fire safety and other areas of standard maintenance that are the City's responsibility under the Concession Agreement.
- Construction & Maintenance – State Grant: This funding is provided through a state grant and is intended to cover upgrades to the stadium limited to playing field replacement, lighting upgrades and field netting reimbursement to the limits of available funds from the grant.
